1. Product Identification

Product Code	A-5
Product Name	Seaweed Extract AK flake
Product Type	Ascophyllum nodosum Extact Fertilizer
Physical Form	Solid
Recommended Use	SOIL APPLICATION ONLY
Document Date	2026-06-10

2. Product Overview

Seaweed Extract AK flake is supplied as a solid product positioned as ascophyllum nodosum extact fertilizer. It is intended for professional agricultural input use where crop nutrition performance, application reliability, and destination-market compliance are required.

3. Typical Specification

Parameter	Specification	Remark
Organic Matters	≥ 50%	Typical / declared
K $\blacksquare$ O	≥ 10%	Typical / declared
Moisture	≤ 5%	Typical / declared
Appearance	Solid	Visual form

4. Agronomic Benefits

-	Contains seaweed-derived organic actives to support vegetative growth and stress resistance.
-	Supports targeted secondary and trace element nutrition for deficiency correction.
-	Solid format supports practical handling, blending, and field application.

5. Application & Use Guidance

Soil / Fertigation	Apply through irrigation, drip system, or soil drench according to crop stage and local agronomic practice.
Compatibility	Perform a jar test before tank mixing. Avoid direct mixing with strong acids, strong alkalis, or highly oxidizing materials unless compatibility is confirmed.
Rate Statement	Application rate is market- and crop-dependent and should be confirmed in the final label or sales specification.

6. Handling, Storage & Compatibility

-	Store in a cool, dry, well-ventilated area and keep the container tightly closed.
-	Protect from moisture, direct sunlight, freezing, and excessive heat.
-	Keep away from food, feed, seeds, and incompatible chemical materials.
-	Use appropriate personal protection during handling; avoid eye contact, skin contact, and inhalation of dust or mist.

7. Packaging, Compliance & Disclaimer

Packaging	Export packaging can be customized according to order, label, and destination-market requirements.
Regulatory Positioning	Agricultural input / fertilizer product. Importer and user should verify local registration, label, and claim requirements before sale or application.

Disclaimer	This TDS is provided for quotation and technical reference. Final product claims, rates, and directions should follow the approved label and contract specification.
