

TECHNICAL DATA SHEET

AgriRoot Beauty 22-8-10

Product Code: T26 Revision: 1.0 Date: 2026-06-10

Use SOIL APPLICATION ONLY	Efficacy Focus Crop nutrition support, fertilizer efficiency, and stress-tolerance positioning.	Compliance Final claims and rates must follow destination-market fertilizer registration and label rules.
------------------------------	--	--

1. Product Identification

Product Code	T26
Product Name	AgriRoot Beauty 22-8-10
Product Type	Fully Water-Soluble Potassium Sulfate Type
Physical Form	Solid
Recommended Use	SOIL APPLICATION ONLY
Document Date	2026-06-10

2. Product Overview

AgriRoot Beauty 22-8-10 is supplied as a solid product positioned as fully water-soluble potassium sulfate type. It is intended for professional agricultural input use where crop nutrition performance, application reliability, and destination-market compliance are required.

3. Typical Specification

Parameter	Specification	Remark
NPK 22-8-10	Declared	Typical / declared
Organic Matter	≥ 7%	Typical / declared
Humic Acid	≥ 3%	Typical / declared
Fulvic Acid	≥ 3%	Typical / declared
Chitosan	≥ 100 mg/kg	Typical / declared
Boron (B)	≥ 0.02%	Typical / declared
Zinc (Zn)	≥ 0.02% (EDTA-Zn)	Typical / declared
Manganese (Mn)	≥ 0.02% (EDTA-Mn)	Typical / declared
Appearance	Solid	Visual form

4. Agronomic Benefits

-	Improves soil conditioning, nutrient chelation, and root-zone nutrient availability.
-	Supports fertilizer use efficiency and helps crops tolerate common abiotic stress.
-	Supplies balanced macro-nutrition for water-soluble fertilizer programs.
-	Supports targeted secondary and trace element nutrition for deficiency correction.
-	Solid format supports practical handling, blending, and field application.

5. Application & Use Guidance

Soil / Fertigation	Apply through irrigation, drip system, or soil drench according to crop stage and local agronomic practice.
Compatibility	Perform a jar test before tank mixing. Avoid direct mixing with strong acids, strong alkalis, or highly oxidizing materials unless compatibility is confirmed.
Rate Statement	Application rate is market- and crop-dependent and should be confirmed in the final label or sales specification.

6. Handling, Storage & Compatibility

-	Store in a cool, dry, well-ventilated area and keep the container tightly closed.
---	---

-	Protect from moisture, direct sunlight, freezing, and excessive heat.
-	Keep away from food, feed, seeds, and incompatible chemical materials.
-	Use appropriate personal protection during handling; avoid eye contact, skin contact, and inhalation of dust or mist.

7. Packaging, Compliance & Disclaimer

Packaging	Export packaging can be customized according to order, label, and destination-market requirements.
Regulatory Positioning	Agricultural input / fertilizer product. Importer and user should verify local registration, label, and claim requirements before sale or application.
Disclaimer	This TDS is provided for quotation and technical reference. Final product claims, rates, and directions should follow the approved label and contract specification.
